stephanianevado [2

Frontend developer with a big interest in management. Currently working at a start-up creating a product for buying, selling and leasing electrified vehicles online. Creator of Nutrinevado Nutrition. I'm always eager to learn new things and grow as a developer. Check out my GitHub!

WORK EXPERIENCE

FRONTEND DEVELOPER

Carla AB | Apr 2022 - Present

Carla is a start-up for buying, selling and leasing electrified vehicles online. We use Next.js, TypeScript and React for the app, as well as Jest and Cypress for testing. The static content is served via Contentful and the API layer uses GraphQL.

FULL STACK DEVELOPER (frontend focus)

Syndata AB | Oct 2021 - Apr 2022

Syndata is a start-up creating an AI product for synthetic data generation. I built a frontend application from scratch using modern web technologies (JavaScript, React, Styled components, Jest). My aim was to create a modular, testable code base with a high unit test coverage.

FOUNDER

Nutrinevado | Sep 2013 - Present

- Brand creation.
- Product composition and sales.

NATIONAL MANAGER OF NUTRITION & OBESITY

Vivanta Clinics | Aug 2020 - May 2021

- ⁻ Management of a multidisciplinary team.
- ⁻ Management of agreements, collaboration contracts and rates.

HEAD OF THE OBESITY DEPARTMENT

Diego de León Clinics | Jun 2016 - Aug 2020

- Leader of the overweight and obesity unit.
- Specialist in bariatric surgery patients.
- Recording of audiovisual material for social networks: explanatory videos for YouTube, Instagram, Facebook, Twitter, etc.

NUTRITIONIST & DIETIST CONSULTANT

Medsure Ocupacional | May 2014 - May 2015

SUPERVISOR

Restoven de Venezuela C.A | Feb 2013 - Jun 2014

COURSES

- Beginner's TypeScript certification 🗹
- web.dev: Learn Accessibility
- web.dev: Learn Responsive Design
- web.dev: Learn CSS
- Back End Development and APIs certification 2
- Data Visualization certification ☑
- ⁻ Front End Development Libraries **certification** ☑
- JavaScript Algorithms and Data Structures certification ☑
- Hack Reactor: JavaScript Workshop
- Responsive Web Design **certification** ☑
- General Assembly: Intro to Coding
- Domestika: Responsive Web Development with HTML and CSS

A EDUCATION

LICENTIATE DEGREE IN NUTRITION AND DIETETICS Faculty of Medicine, School of Nutrition and Dietetics

Central University of Venezuela | 2007 - 2013

□ SKILLS

PROGRAMMING LANGUAGES

Typescript, JavaScript (ES6), HTML, CSS/Styled components/Sass.

TOOLS, PLATFORMS & DATABASES

GitHub, Prettier, ESLint, Vercel, Figma, Contentful, npm, pnpm, Terminal (bash/zsh), JSON, VSCode, IntelliJ, PostgreSQL, MongoDB.

LIBRARIES & FRAMEWORKS

React, Next.js, Cypress, Jest, GraphQL, React testing library, Node.js, Redux, D3, FastAPI.

MANAGEMENT

Process, planning, team management, personal development, stakeholder communication.

Æ PROJECTS

PORTFOLIO

I could have created my portfolio with some online template or nocode solution - but I'm a programmer, so of course I didn't want to do that I've used my portfolio as a way to showcase my skills and way of coding. If you look at GitHub, you'll find a well-organized, linted and strictly formatted project with my own custom theme structure. Technologies used: Next.js, React, TypeScript, Styled components. Check it out at **stephanianevado.com** or in my **GitHub!**

CAT BREEDS APP

It's no secret that I love cats When I applied to the role as a Frontend developer at Carla, I created this cat breeds app. I wanted to show a part of who I am, but also - of course - my programming skills. The project also has a few tests just to showcase how I usually structure them. Technologies used: Next.js, React, TypeScript, Styled components, Jest. Check it out at carla.vercel.app or in my GitHub!

AE LANGUAGES

Spanish (native)

English (fluent)
